Photojournalism is a particular form of journalism (the collecting, editing, and presenting of news material for publication or broadcast) that employs images in order to tell a news story. It is now usually understood to refer only to still images, but in some cases the term also refers to video used in broadcast journalism.

Does the data have to have only the two columns you specified? If not, you could select the date truncated to midnight (as user1948904 suggested) as well as the formatted-date field, and then order by the date field. Then you can ignore the date field in whatever uses the data. Edited to correct errors in the original query, and to add the formatted-date field to the GROUP BY, which is required.
